MSBTE

Maharashtra State Board of Technical Education was established to ensure quality Technical Education at Diploma level to match the latest trends in the industry. This led to all round personal development of a student socially and globally.

AES'S COET (Polytechnic) WadWadi.

Engineering education must evolve to keep pace with mighty changes that transform the globe day by day. There is always a demand for technical knowledge in today's fast growing world. Urban areas are making their footprints in industrial sectors like automobile, and Information Technology all over the world. Unfortunately people from rural area are unable to grab the fruits of this progress due to lack of technical knowledge.

Keeping this goal in mind Abhinav Education Society has established College of Engineering and Technology (Polytechnic) to contribute toward uplifting nation's strength and betterment of society. Polytechnic belongs to spacious lecture halls, modern audio visual aids, fully equipped laboratories, reading rooms, seminar halls and computer labs. From the very beginning, Abhinav Polytechnic focused on imparting engineering education, highly relevant for the Indian industries to meet their demand of trained manpower with practical experience and sound theoretical knowledge

The institute is presently running Following Courses:

- Mechanical Engineering
- Computer Engineering
- Civil Engineering
- Electronics & Telecommunication Engineering
- Information Technology
- Electrical Engineering
